

JUSTIN, INC COVID-19 update

Dated: April 15, 2020

To Our Valued Partners:

Our heartfelt gratitude goes out to all the first responders and others serving and protecting us every day. Public works, police, and fire, health care personnel, government staff, food and distribution workforces, and many, many more people are on the front lines making sacrifices for us all and we greatly appreciate it. We also extend our support and thoughts to all those with family or friends who have been affected during this time.

We appreciate your continued business and support. We have seen some minimal or moderate delays in supply chains caused by a few factories closing or reducing staff in certain industries. So far, these conditions are affecting very few deliveries and commitments. In all cases, when we are notified of a schedule change or push out, we are alerting all customers and suggesting alternative solutions. Feel free to contact us for details regarding specific orders.

Justin Inc remains 100% operational with minimal delays in our normal services. Refer to our website at www.justininc.com for up to date information.

Please rest assured we are working hard to protect the health and safety of our employees, customers and suppliers. Do not hesitate to reach out to us with any questions.

We wish all of you, your families and friends well through this difficult time.

Sincerely,

Jeffrey Justin
President and CEO
